Theme: Artificial Intelligence in
K-12 Education: Best Practices and Trends

We invite you to share your innovative practice on the theme of artificial intelligence with colleagues in K-12 education. This is an opportunity to:

- Advance your professional development.
- Collaborate with others in the educational technology field.
- Be recognized for the great work you do.
- Expand your professional knowledge.
- Be part of a growing educational technology community geared toward driving the success of K-12 students.

Submission Deadline: July 27, 2022, to conduct a 1 hour online workshop

Submission form: <https://forms.gle/CztgXHqhydK81ZET7>
